

TOWN OF CAROLINA SHORES BOARD OF COMMISSIONERS

A RESOLUTION
OPPOSING OFFSHORE OIL AND GAS EXPLORATION

WHEREAS, the Town of Carolina Shores works very hard to preserve and maintain the high quality of life its residents have come to expect; and

WHEREAS, the Town Board of Commissioners must assess very carefully any and all proposed offshore and onshore activities that may hold the potential to threaten the livelihoods, investments, use and enjoyment of our residents and the good health and unique natural environmental of coastal North Carolina; and

WHEREAS, the Town of Carolina Shores Board of Commissioners believes that the slight and speculative benefit of oil and natural gas exploration including drilling or testing off our coast which would likely accrue to the global energy market is not worth the risk of even one single incident that jeopardize the public's health, safety, and welfare; and

NOW, THEREFORE BE IT RESOLVED by the Board of Commissioners of the Town of Carolina Shores that the Board of Commissioners opposes offshore drilling and exploration for oil and natural gas along the coast of North Carolina.
