

RESOLUTION NO. 18-5020

A RESOLUTION OF THE CITY COUNCIL OF THE
CITY OF WEST HOLLYWOOD IN SUPPORT OF A
BAN ON NEW OFFSHORE OIL AND GAS
DRILLING, FRACKING, AND OTHER WELL
STIMULATION

THE CITY COUNCIL OF THE CITY OF WEST HOLLYWOOD DOES HEREBY
RESOLVE AS FOLLOWS:

WHEREAS, the Trump Administration is considering expanding offshore oil and gas leasing to new areas which have largely been off-limits to new federal leasing, including the Pacific Coast; and

WHEREAS, On January 4, 2018, Secretary of the Interior Ryan Zinke released a draft proposal to open up the United States' outer continental shelf to oil and gas leases, which will result in the opening of more than 90 percent of coastal shorelines across the United States to oil and gas exploration; and

WHEREAS, the City of West Hollywood and its visitors enjoy California's beaches and the Pacific Ocean for recreational, commercial, and educational activities, all of which support our local economy; and

WHEREAS, our City's residents value our state's ocean and coastal waters, which provide habitat to a vast array of wildlife, including fish, whales, sea turtles, and birds that depend on a healthy and clean environment; and

WHEREAS, offshore oil and gas drilling and exploration off the Pacific coast put these coastal resources, and the communities and industries that depend on them, at risk from oil spills and other damage; and

WHEREAS, expanding offshore oil and gas drilling, fracking and other well stimulation techniques threatens coastal stakeholders, marine wildlife, human health, and climate; and

WHEREAS, a massive oil spill in 1969 off the coast of Santa Barbara fouled coastal waters and caused catastrophic economic and environmental damage, and

WHEREAS, in 2015 a pipeline servicing offshore oil platforms burst and fouled the same coastal areas, damaging wildlife and impacting recreational and commercial activities; and

WHEREAS, hydraulic fracturing and other unconventional oil extraction techniques such as acid fracturing, matrix acidizing, gravel packing and cyclic steam injection collectively referred to here as "fracking and other well stimulation," provide another means to expand offshore oil and gas extraction off California's coast; and

WHEREAS, fracking and other well stimulation increase pollution and the risk of oil spills and earthquakes; and

WHEREAS, the state and nation's energy needs can be met with renewable sources that do not have the same potential to harm the natural environment as gas and oil extraction do; and

WHEREAS, the state of California prohibits new oil and gas leasing in state waters due to the unacceptably high risk of damage and disruption to the marine environment; and

WHEREAS, the Governor of California, the Attorney General, the State Senate, the State Lands Commission, along with several cities, have taken a stand against new federal offshore oil and gas leases in the Pacific Ocean, and several municipalities have called for a ban on offshore fracking; and

WHEREAS, expanding offshore drilling, fracking, and other well stimulation off the California coast will deepen the state's dependence on fossil fuels and undermine its efforts to address climate change by reducing greenhouse gas emissions and moving toward renewable energy.

NOW, THEREFORE BE IT RESOLVED, that the City Council of the City of West Hollywood supports (1) a ban on new offshore oil and gas drilling, fracking, and other well stimulation in federal and state waters off the California coast, and (2) no new federal oil and gas leasing in all U.S. waters, including off the coast of California.

PASSED, APPROVED, AND ADOPTED by the City Council of the City of West Hollywood at a regular meeting held this 5th day of February, 2018 by the following vote:

AYES:	Councilmember:	D'Amico, Horvath, Meister, Mayor Pro Tempore Duran, and Mayor Heilman.
NOES:	Councilmember:	None.
ABSENT:	Councilmember:	None.
ABSTAIN:	Councilmember:	None.

JOHN HEILMAN, MAYOR

ATTEST:

YVONNE QUARKER, CITY CLERK
